

## Facts and Figures

### Characteristics

Contains special fat byproducts. Also used as insecticide

### Available Qualities

cold pressed

### Certification

COSMOS certified  
Kosher

### Basic Plant

Melia Azadirachta L., (Meliaceae - Mahogany Family), Neem Tree

### INCI

Melia Azadirachta Seed Oil

### Cas-No.

8002-65-1

### Packaging / Container

Canister, drum

### Composition

C16:0 Palmitic acid: 14-18 %  
C18:0 Stearic acid: 15-20 %  
C18:1 Oleic acid: 40-55 %  
C18:2 Linoleic acid: 10-20 %

### Shelf Life

Good Shelf Life

## Details about Neem Oil

### Description

Neem oil is a dark yellow to almost black oil with characteristic intensive taste.

### Special Characteristics

The fat byproducts of neem oil contains nimbin and nimbidin, among others.

### Application Cosmetics

The special features of neem oil lie in its fat byproducts. The oil is used as a plant - and animal preservative as it expels pest like moths or mites. Neem oil is popular in animal shampoos to protect against parasites like fleas or ticks.

Neem oil is a popular medicament in Indian folk medicine and is used in the teachings of Ayurveda.

In cosmetics it is popular for making the skin smooth and is used in washing lotions, nail oils and creams. It is also used for making soaps.
